

## Need help with a research project?

The WAHTN are offering a **Clinical Research Support Service** for anyone currently involved or interested in conducting clinical research in WA. WAHTN's Clinical Trial and Data Management Centre (CTDMC) can meet onsite with staff from WAHTN Member Partners, **including EMHS**.

The CTDMC staff can provide advice on **various aspects** of clinical research including:

- how to get started with your project
- A brief primer on research ethics & governance
- setting up essential documents for your project
- data management and database design
- protocol development and other research related documents
- assistance connecting with research partners and working with universities

Sessions can:

- be one-on-one or with a small group, such as a research team
- tailored to the areas you need help
